

Endless Mountain *Magic*

Crestmont Inn , Pennsylvania

By Ingrid Champion

Ever searching for the elusive Camelot, once in a blessed while we actually find it.

Eagles Mere, a magical village in the heart of Endless Mountains trails is such a place. Turn-of-the-century Victorian cottages, surrounding Eagles Mere Lake, energize this historic venue in summer; however, zero commercialism remains an art among quaint shops, galleries and innkeepers.

Classic Crestmont Inn, a stand-alone property at 2,200 feet, offers 'Select Registry' hospitality, custom designing the most outstanding events in your life. And may there be many: at engagements, weddings, anniversaries, romance prevails. This romantic country inn provides for any size of gathering, from intimate

elopement and Jacuzzi tubs for two, to 35 wedding guests lounging in 15 luxurious rooms and suites. The finest cuisine may be enjoyed in one or both of the two splendid dining rooms, with wedding specialists looking after your every whim. If your guest list is simply too complicated to draw the line, fear not. An elaborate banquet can be arranged at the partnering Eagles Mere Country Club, efficiently accommodating 175 of your 'closest friends'.

A rare treat for the golfer, this private 18 - hole championship golf course, designed by William Flynn, will have the groom and 'his men' concentrating on the lay of the land, rather than looking down

that fearsome fairway ahead. Just as well. They have no idea what they are in for.

And for our twosome, full complimentary breakfasts lead to trails, fly fishing, and romance in a horse-drawn carriage, not to mention that fabulous king bed with champagne on ice.

Seemingly, not enough can be said about this treasure of a little pocket in Pennsylvania. Nearing our 43rd wedding anniversary, I believe Camelot may be in order.
